

# OWSLEBURY & MORESTEAD PARISH COUNCIL

## **PLAY AREA POLICY DOCUMENT AND RISK ASSESSMENT**

Adopted by the Council: 10 June 2019

Reviewed by the Council: 26 July 2021

### **Foreword**

Owslebury and Morestead Parish Council believes that play is a vital component of growing up and is how children develop skills, physical, social and intellectual.

This document is intended to guide Owslebury and Morestead Parish Council in its role of the play area known as Hilly Close Playground. This policy applies only to play equipment upon the Hilly Close playground and is not applicable beyond this, such as equipment on private land.

The Management of Health and Safety at Work Regulations 1999 recommends that owners and managers of premises should undertake a risk assessment of their facilities – this includes the children’s playground. This document defines and makes clear the duties and responsibilities of Owslebury and Morestead Parish Council as the owners of the play equipment within its boundaries. This also includes a risk assessment setting out the key hazards and the Council’s risk mitigation process.

### **Owslebury and Morestead Parish Council Play Area Management Policy Document – Risk Assessment**

The purpose of the document is to:

- Assess the risks relating to the play area in the Recreation Ground
- Provide a formal way for the Parish Council to identify and be notified of potentially dangerous equipment within the play area
- Ensure the Council has sufficient information to make decisions on play equipment condition
- Ensure that play equipment damage can be detected in a reasonable time
- Ensure that potentially dangerous equipment is properly dealt with and appropriate action taken
